

Finished size approx. 2 x 5-1/4

I love this box found from Nellie's site. The only problem I had was getting the inside box lids to stay intact when you open it all up. I tried cutting a smidgeon off the lid measurements, but that almost made them too tight.

**ALL MEASUREMENTS are in inches.**

**Colored Card Stock:**

- 5-1/4 x 8-1/2 (base) Score @ 1-3/4 on all sides
- 2-13/16 x 6-1/16 (main box lid) Score @ 1/2 on all sides
- 3 each @ 4-1/2 x 4-1/2 (mini boxes) Score @ 1-1/2 on all sides
- 3 each @ 2-9/16 x 2-9/16 (lids for mini boxes) Score @ 1/2 on all sides

**Designer Series Paper:**

- 3 each @ 1-1/2 x 4-3/4 (top outside + 2 outside sides)
- 7 each @ 1-1/2 x 1-1/2 (3 mini box lids, 2 inside, 2 outside)

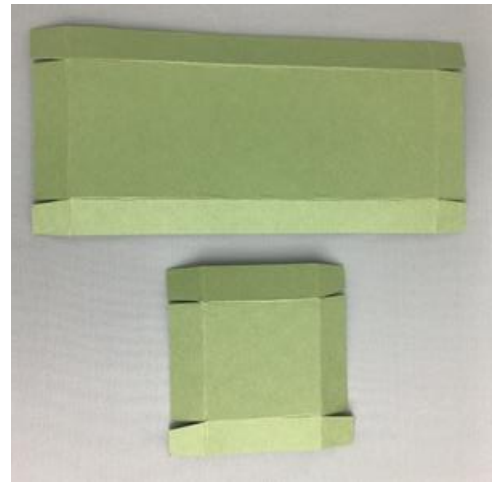

**White/Vanilla Cardstock:**

- 1 each @ 1-1/2 x 4-3/4 (stamped and greeting for inside of box)
- 3 each @ 1-1/2 x 1-1/2 (optional for inside squares near boxes)

**Misc. Items:**

- Ribbon (optional) for wrapping around completed box
- Embellishments, stamps, etc.

**DIRECTIONS:**

1 – Cut away 4 corners of base piece. Burnish all folds.

2 – Cut and miter lid corners for the mini boxes and the main box lid. Burnish all folds. I used glue dots to bring corners together.

3 – On 3 mini boxes, cut all 4 corner scores, going around in a circle, on JUST ONE SIDE. Burnish all folds well. Cut about 1/2 off of each corner. Apply tear tape as shown above. Bring sides up and attach each side.

4 – Decorate and embellish as desired. ENJOY!!!
