### Flip Flop Fun Fold Card Tutorial - Zoom Mystery Card 7-8-20

This awesome fun fold was inspired by Wendy L. It is so easy to do! Here's how.

#### **What you need:**

ALL MEASUREMENTS IN INCHES.

Card will be portrait direction.

- circle die cut approx. 2-7/8
- colored CS base, 8-1/2 x 5-1/2, scored at 4-1/4
- 1 piece same color as card base, 4 x 5-1/4
- 1 white/vanilla piece, 4 x 5-1/4

Use a strong adhesive to adhere to your base card. I like using tear tape.

OPEN card base and cut circle thru 2 layers.

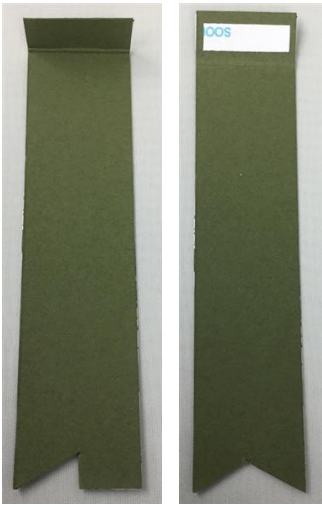

Attach 2 same size strips together.

To make a banner, I like to cut up the middle; then cut from both sides to middle. Add adhesive to 1/2 fold.

Attach strip to back of inside layer, approx. in the middle.

Attach this layer to inside of card.

Put banner thru to front. Apply any adhesive to banner. I used tear tape for your visual.

Attach either your cut out of a white/vanilla 2-7/8 circle or the cut out from front of card, centering on circle die cut on front of card.

Open and apply any adhesive to back of circle.

Attach other die cut circle to back.

Close and attach your image cut out.

Here are some other samples.
